The Dacusville Lions Club is a group of men and women who are part of the Lions International Organization. We enjoy fellowship, develop leadership and dedicate part of our time to help those in need in the Dacusville community.

Our major fund raising event is selling fireworks on the week of the 4th of July and the week between Christmas and New Years. The money raised is for community projects.

Another benefit to the community is the rental of our Lions Building to the general public. Anyone interested in using the building should contact Mrs. Jane Handley at 836-0750.

Dacusville Lions Building is available for rental at \$60.00 per day
